

Bill Morris
Candidate for NYSUT Representative Assembly (Mepham H.S.)

English Teacher at Mepham High School since 2000.

BMUST Building Representative 2003-2013

Curriculum Committee Member 2005-2013

Mepham's Head Building Representative since 2013, Mepham Site-Based Committee member, and Local Do's writer.

From a young age, Bill Morris has been interested in learning about unions. His grandfather, Bill Morris Sr., was a founding member of one of the country's first postal unions. From him, Bill gained a passion for unionism, supporting workers' rights and building and sustaining a strong middle class.

Some highlights from Bill's past few years include: working with our outstanding building reps. to increase communication within the school and district community, making contact with our local legislators to press our issues, and attending rallies in Washington D.C., Albany and throughout Long Island.

Through these experiences and others, Bill has learned a great deal about the function and key role that BMUST plays in our professional life and would like to help represent us at the NYSUT R.A.

- While we all know there are many challenges on the road ahead, we are strong when we are united. Just think of all of the brave and devoted people we have in Bellmore-Merrick who've made their voices heard here on Long Island, in Albany, and in Washington D.C. over the past few years. The lawmakers are finally scrambling and we have to keep the pressure on them and on the State Union. I would like to do my part to keep engaged and to help keep the pressure on.

Sincerely, Bill
